Author: an unknown being

This ritual requires a rare candle made of pure gold, the reagent blackmoor, the reagent spiders silk, 10 corpses of former lightringers. Place the Candle in the center of a pentagram with the blackmoor to the right of it and the spiders silk to the left of it. Place the 10 corpses in a circle around the pentagram. Set each of the corpses ablaze and utter the words Vla Kal Xen Hur three times. Finish with Etheng. From each corpse a Wraith of great power should arise and be at thy command. This ritual will greatly deplete your strength and much time will be needed to recover.

The Candle must be wielded to control the wraiths every movement. If the candle is broken or taken from the one who summoned the Wraiths, they will vanish instantly.
